

## **Mini-Bank 1700 Advantages and Specs**

### **Advantages**

The Tranax Mini-Bank 1700 is the absolute best value for retail ATMs. With its contemporary design, matched with the reliability, durability and security you've come to expect from Tranax, the Mini-Bank 1700 offers the best value in its class.

While targeted for lower transaction volume retail markets, the Mini-Bank 1700 retains all the standard features you expect from a higher end machine including; TDES and ADA compliance, VISA certified encrypting PIN pad (EPP), a voice guidance system, and light action indicators. This machine comes standard with many high quality features including a 5.7 inch Monochrome LCD panel, 56K modem, and an integrated lighted topper.

At 206 lbs, the solid construction of the Mini-Bank 1700 (UL291 Listed Business Hour) provides a secure vault while offering the same modular construction for ease of access and maintenance.

The Tranax Mini-Bank 1700 is the best value in the market for a low-cost ATM solution for low-traffic markets.
