

Mini-Bank c4000 Advantages and Specs

Advantage

The all new Mini-Bank c4000 represents the best in class convergence of **ATM** and **self-service functionality**, resulting in innovative new services and potential revenue streams for ATM owners. The Mini-Bank c4000 is **TDES** and **ADA** compliant right out of the box, including a VISA (lab certified) Encrypting Pin Pad (EPP) and a voice/lighted transaction guidance system.

The **Win CE** based platform provides the flexibility to create made-to-order solutions including custom applications, customer-specific branding and graphics for retailers and value added services for consumers.

The Mini-Bank c4000 comes in three distinct platforms to fit every environment, from embedded, Windows CE, and Windows XP.
